INTERNAL SOLUTION RESERVOIR

Large 120 L capacity to run most tests for 7 days or more

EASY SPECIMEN MOUNTING

Low belt line and an easy-opening lid

REINFORCED FIBERGLASS CONSTRUCTION

Robust, heavy-walled chamber and lid have low thermal conductivity for efficient, precise temperature control

PRECISE CONTROL OF FOG DISPERSION

Meets standard collections and uniformity requirements

USB PORT

Easy data transfer and software updates

MULTICOLORED LED LIGHT

Indicates tester status at a glance

DUAL TOUCHSCREEN DISPLAYS

Full-color interface available in 17 languages

TWO CONVENIENT SIZES

600 or 1100 L to accommodate small and large specimen sizes and quantities

HEAVY DUTY LEVELING CASTERS

For easy repair and maintenance access even when laboratory space is limited
